SUGARBIRD®

Cape Fynbos Gin

Share This Post

I am a HUGE gin fan. I don't usually enjoy too much alcohol, but when it comes to gin I feel there is nothing better on a hot evening. Husband & I sit outside, enjoy a cold drink together & chat over our day. My body does it, feel relaxed & cross after I have indulged a little & have never had any kind of headache.

And then I discovered Sugarbird Gin & I was even more excited. Read on to see why...

What makes your gin different to other brands: A proudly South African gin inspired by the people of our beautiful country. Sugarbird Gin is distilled and infused with Cape Fynbos. Which is key to our distinct, unique, proudly South African flavour. It's these gentle, fragrant flavours that make Sugarbird the perfect gin to drink neat over ice, in a G&T, or in a delicious cocktail: Sugarbird fits your life effortlessly.

 On the breeze of the sky,
 And you ask "What if I fall?"
 Oh but my darling,
 What if you fly?"
