South African Brandy producers make some of the best Cognac style Brandy in the world. Sugarbird has now joined this proud heritage and other master distillers to create a unique 14 year potstill Brandy.

The distillate, made from Chenin Blanc and Colombar cultivars, is uniquely matured in small, French, oak casks for the full 14 years before being trickle-filtering through Honeybush and other Cape botanicals.

The result is a rich, smooth potstill Brandy with notes of creamy vanilla, dark chocolate and hints of sweet stewed prunes. The Cape Botanicals and Honeybush offer a soft tropical note which adds to a long smooth finish and the final presentation is in a quality heavy glass bottle, strikingly labelled, with understated elegance.

Price R449,95

The 750ml bottle retails at Takealot, Smous online, Deeliver and De Vonk.
